

Art's Alive Presents  
**ELLEN POWELL PHOTOGRAPHY**  
September 1 – October 31, 2014

**Artist's reception Thursday October 9, 2014 5:30-8:30pm**

*Ellen Powell is a professional jazz bassist who added photography to her creative skill set in 2006. Her images have been published in Vermont Life Magazine, and placed both first and second in the photography category of the Northern Vermont Artists Association's June Juried Show in 2012 and 2014.*

*Ellen considers herself a "generalist" photographer in that she finds interesting things everywhere she looks. She spent sixteen days shooting in Acadia National Park in the summer of 2013. This exhibition features photographs from that expedition as well as other images of the natural world and "interesting things" taken around Chittenden County. Ellen's photography ranges in scope from macro to landscape.*
